

Chapter 3

ELIGIBILITY

INTRODUCTION

The UHA is responsible for ensuring that every individual and family admitted to the public housing program meets all program eligibility requirements. This includes any individual approved to join the family after the family has been admitted to the program. The family must provide any information needed by the UHA to confirm eligibility and determine the level of the family's assistance.

To be eligible for the public housing program:

- The applicant family must:
 - Qualify as a family as defined by HUD and the UHA.
 - Have income at or below HUD-specified income limits.
 - Qualify on the basis of citizenship or the eligible immigrant status of family members.
 - Provide social security number information for family members as required.
 - Consent to the UHA's collection and use of family information as provided for in UHA-provided consent forms.
- The UHA must determine that the current or past behavior of household members does not include activities that are prohibited by HUD or the UHA.

This chapter contains three parts:

Part I: Definitions of Family and Household Members. This part contains HUD and UHA definitions of family and household members and explains initial and ongoing eligibility issues related to these members.

Part II: Basic Eligibility Criteria. This part discusses income eligibility, and rules regarding citizenship, social security numbers, and family consent.

Part III: Denial of Admission. This part covers factors related to an applicant's past or current conduct (e.g. criminal activity) that can cause the UHA to deny admission.

PART I: DEFINITIONS OF FAMILY AND HOUSEHOLD MEMBERS

3-I.A. OVERVIEW

Some eligibility criteria and program rules vary depending upon the composition of the family requesting assistance. In addition, some requirements apply to the family as a whole and others apply to individual persons who will live in the public housing unit. This part provides information that is needed to correctly identify family and household members, and to apply HUD's eligibility rules.

3-I.B. FAMILY AND HOUSEHOLD [24 CFR 5.403 and HUD-50058 IB, p. 13]

The terms *family* and *household* have different meanings in the public housing program.

Family

To be eligible for admission, an applicant must qualify as a family. *Family* is defined by HUD as a single person or a group of persons, a family with a child or children, two or more elderly or disabled persons living together, and one or more elderly or disabled persons living with one or more live-in aides. The UHA has the discretion to determine if any other group of persons qualifies as a family.

UHA Policy

Each family must identify the individuals to be included in the family at the time of application, and must update this information if the family's composition changes.

To qualify as a family when proposed family members are not related by blood, marriage, adoption, or other operation of law, the UHA will require applicants to demonstrate that the individuals have lived together previously, or certify that each individual's income and other resources will be available to meet the needs of the family.

Household

Household is a broader term that includes additional people who, with the PHA's permission, live in a public housing unit, such as live-in aides, foster children, and foster adults.

3-I.C. FAMILY BREAK-UP AND REMAINING MEMBER OF TENANT FAMILY

Family Break-up

UHA Policy

When a family on the waiting list breaks up into two otherwise eligible families, only one of the new families may retain the original application date. Other former family members may make a new application with a new application date if the waiting list is open.

If a family breaks up into two otherwise eligible families while living in public housing, only one of the new families will continue to be assisted.

If a court determines the disposition of property between members of the applicant or resident family in a divorce or separation decree, the UHA will abide by the court's determination.

In the absence of a judicial decision or an agreement among the original family members, the UHA will determine which family retains their placement on the waiting list, or will continue in occupancy taking into consideration the following factors: (1) the interest of any minor children, including custody arrangements, (2) the interest of any ill, elderly, or disabled family members, (3) any possible risks to family members as a result of domestic violence or criminal activity, and (4) the recommendations of social service professionals.

Remaining Member of a Tenant Family [24 CFR 5.403]

The HUD definition of family includes the *remaining member of a tenant family*, which is a member of a resident family who remains in the unit when other members of the family have left

the unit [PH Occ GB, p. 26]. Household members such as live-in aides, foster children, and foster adults do not qualify as remaining members of a family.

If dependents are the only “remaining members of a tenant family” and there is no family member able to assume the responsibilities of the head of household, see Chapter 6, Section 6-I.B, for the policy on “Caretakers for a Child.”

3-I.D. HEAD OF HOUSEHOLD [24 CFR 5.504(b)]

Head of household means the adult member of the family who is considered the head for purposes of determining income eligibility and rent. The head of household is responsible for ensuring that the family fulfills all of its responsibilities under the program, alone or in conjunction with a cohead or spouse.

UHA Policy

The family may designate any qualified family member as the head of household.

The head of household must have the legal capacity to enter into a lease under state and local law. A minor who is emancipated under state law may be designated as head of household.

3-I.E. SPOUSE, COHEAD, AND OTHER ADULT

A family may have a spouse or cohead, but not both [HUD-50058 IB, p. 13].

Spouse means the marriage partner of the head of household.

UHA Policy

A *marriage partner* includes the partner in a "common law" marriage as defined in state law. The term “spouse” does not apply to friends, roommates, or significant others who are not marriage partners. A minor who is emancipated under state law may be designated as a spouse.

A *cohead* is an individual in the household who is equally responsible with the head of household for ensuring that the family fulfills all of its responsibilities under the program, but who is not a spouse. A family can have only one cohead.

UHA Policy

Minors who are emancipated under state law may be designated as a cohead.

Other adult means a family member, other than the head, spouse, or cohead, who is 18 years of age or older. Foster adults and live-in aides are not considered other adults [HUD-50058 IB, p. 14].

3-I.F. DEPENDENT [24 CFR 5.603]

A *dependent* is a family member who is under 18 years of age or a person of any age who is a person with a disability or a full-time student, except that the following persons can never be dependents: the head of household, spouse, cohead, foster children/adults and live-in aides. Identifying each dependent in the family is important because each dependent qualifies the family for a deduction from annual income as described in Chapter 6.

Joint Custody of Dependents

UHA Policy

Dependents that are subject to a joint custody arrangement will be considered a member of the family, if they live with the applicant or resident family **50 percent** or more of the time.

When more than one applicant or assisted family (regardless of program) are claiming the same dependents as family members, the family with primary custody at the time of the initial examination or reexamination will be able to claim the dependents. If there is a dispute about which family should claim them, the UHA will make the determination based on available documents such as court orders, or an IRS return showing which family has claimed the child for income tax purposes.

3-I.G. FULL-TIME STUDENT [24 CFR 5.603]

A *full-time student* (FTS) is a person who is attending school or vocational training on a full-time basis. The time commitment or subject load that is needed to be full-time is defined by the educational institution.

Identifying each FTS is important because (1) each family member that is an FTS, other than the head, spouse, or cohead, qualifies the family for a dependent deduction and (2) the income of such an FTS is treated differently from the income of other family members.

3-I.H. ELDERLY AND NEAR-ELDERLY PERSONS, AND ELDERLY FAMILY

Elderly Persons

An *elderly person* is a person who is at least 62 years of age [24 CFR 5.100].

Near-Elderly Persons

A near-elderly person is a person who is 50-61 years of age [24 CFR 945.105].

Elderly Family

An *elderly family* is one in which the head, spouse, co-head, or sole member is an elderly person [24 CFR 5.403]. Identifying elderly families is important because these families qualify for special deductions from income as described in Chapter 6 and may qualify for a particular type of development as noted in Chapter 4.

3-I.I. PERSONS WITH DISABILITIES AND DISABLED FAMILY [24 CFR 5.403]

Persons with Disabilities

Under the public housing program, special rules apply to persons with disabilities and to any family whose head, spouse, or cohead is a person with disabilities. The technical definitions of individual with handicaps and persons with disabilities are provided in Exhibit 3-1 at the end of this chapter. These definitions are used for a number of purposes including ensuring that persons with disabilities are not discriminated against based upon disability.

As discussed in Chapter 2, the UHA must make all aspects of the public housing program accessible to persons with disabilities and consider reasonable accommodations requested based upon a person's disability.

Disabled Family

A *disabled family* is one in which the head, spouse, or cohead is a person with disabilities. Identifying disabled families is important because these families qualify for special deductions from income as described in Chapter 6 and may qualify for a particular type of development as noted in Chapter 4.

Even though persons with drug or alcohol dependencies are considered persons with disabilities for the purpose of non-discrimination, this does not prevent the UHA from denying admission for reasons related to alcohol and drug abuse following policies found in Part III of this chapter, or from enforcing the lease following the policies in Chapter 13.

3-I.J. GUESTS [24 CFR 5.100]

A *guest* is defined as a person temporarily staying in the unit with the consent of a tenant or other member of the household who has express or implied authority to so consent on behalf of the tenant.

The lease must provide that the tenant has the right to exclusive use and occupancy of the leased unit by the members of the household authorized to reside in the unit in accordance with the lease, including reasonable accommodation of their guests [24 CFR 966.4(d)]. The head of household is responsible for the conduct of visitors and guests, inside the unit as well as anywhere on or near UHA premises [24 CFR 966.4(f)].

UHA Policy

A resident family must notify the UHA when overnight guests will be staying in the unit for more than 3 days. A guest can remain in the unit no longer than 14 consecutive days or a total of 30 cumulative calendar days during any 12 month period.

A family may request an exception to this policy for valid reasons (e.g., care of a relative recovering from a medical procedure expected to last 20 consecutive days). An exception will not be made unless the family can identify and provide documentation of the residence to which the guest will return.

Children who are subject to a joint custody arrangement or for whom a family has visitation privileges, that are not included as a family member because they live outside of the public housing unit more than 50 percent of the time, are not subject to the time limitations of guests as described above.

Former residents who have been evicted are not permitted as overnight guests.

Guests who represent the unit address as their residence address for receipt of benefits or other purposes will be considered unauthorized occupants. In addition, guests who remain in the unit beyond the allowable time limit will be considered unauthorized occupants, and their presence constitutes violation of the lease.

3-I.K. FOSTER CHILDREN AND FOSTER ADULTS

Foster adults are usually persons with disabilities, unrelated to the tenant family, who are unable to live alone [24 CFR 5.609(c)(2)].

The term *foster child* is not specifically defined by the regulations.

Foster children and foster adults that are living with an applicant or resident family are considered household members but not family members. The income of foster children/adults is not counted in family annual income and foster children/adults do not qualify for a dependent deduction [24 CFR 5.603 and HUD-50058 IB, pp. 13-14].

UHA Policy

A foster child is a child that is in the legal guardianship or custody of a state, county, or private adoption or foster care agency, yet is cared for by foster parents in their own homes, under some kind of short-term or long-term foster care arrangement with the custodial agency.

Children that are temporarily absent from the home as a result of placement in foster care are discussed in Section 3-I.L.

3-I.L. ABSENT FAMILY MEMBERS

Individuals may be absent from the family, either temporarily or permanently, for a variety of reasons including educational activities, placement in foster care, employment, and illness.

Definitions of Temporarily and Permanently Absent

UHA Policy

Generally an individual who is or is expected to be absent from the public housing unit for 180 consecutive days or less is considered temporarily absent and continues to be considered a family member. Generally an individual who is or is expected to be absent from the public housing unit for more than 180 consecutive days is considered permanently absent and no longer a family member. Exceptions to this general policy are discussed below.

Absent Students

UHA Policy

When someone who has been considered a family member attends school away from home, the person will continue to be considered a family member unless information becomes available to the UHA indicating that the student has established a separate household or the family declares that the student has established a separate household.

Absences Due to Placement in Foster Care [24 CFR 5.403]

Children temporarily absent from the home as a result of placement in foster care are considered members of the family.

UHA Policy

If a child has been placed in foster care, the UHA will verify with the appropriate agency whether and when the child is expected to be returned to the home. Unless the agency confirms that the child has been permanently removed from the home, the child will be counted as a family member.

Absent Head, Spouse, or Cohead

UHA Policy

An employed head, spouse, or cohead absent from the unit more than 180 consecutive days due to employment will continue to be considered a family member.

Individuals Confined for Medical Reasons

UHA Policy

An individual confined to a nursing home or hospital on a permanent basis is not considered a family member.

If there is a question about the status of a family member, the UHA will request verification from a responsible medical professional and will use this determination. If the responsible medical professional cannot provide a determination, the person generally will be considered temporarily absent. The family may present evidence that the family member is confined on a permanent basis and request that the person not be considered a family member.

Return of Permanently Absent Family Members

UHA Policy

The family must request UHA approval for the return of any adult family members that the UHA has determined to be permanently absent. The individual is subject to the eligibility and screening requirements discussed elsewhere in this chapter.

3-I.M. LIVE-IN AIDE

Live-in aide means a person who resides with one or more elderly persons, or near-elderly persons, or persons with disabilities, and who: (1) is determined to be essential to the care and well-being of the persons, (2) is not obligated for the support of the persons, and (3) would not be living in the unit except to provide the necessary supportive services [24 CFR 5.403].

The UHA must approve a live-in aide if needed as a reasonable accommodation in accordance with 24 CFR 8, to make the program accessible to and usable by a family member with disabilities.

A live-in aide is a member of the household, not the family, and the income of the aide is not considered in income calculations [24 CFR 5.609(c)(5)]. Relatives may be approved as live-in aides if they meet all of the criteria defining a live-in aide. However, a relative who serves as a live-in aide is not considered a family member and would not be considered a remaining member of a tenant family.

UHA Policy

A family's request for a live-in aide must be made in writing. Written verification will be required from a reliable, knowledgeable professional of the family's choosing, such as a doctor, social worker, or case worker, that the live-in aide is essential for the care and well-being of the elderly, near-elderly, or disabled family member. ***For continued approval, the family must submit a new, written request—subject to PHA verification—at each annual reexamination.***

In addition, the family and live-in aide will be required to submit a certification stating that the live-in aide is (1) not obligated for the support of the person(s) needing the care,

and (2) would not be living in the unit except to provide the necessary supportive services.

The UHA will not approve a particular person as a live-in aide, and may withdraw such approval if [24 CFR 966.4(d)(3)(i)]:

The person commits fraud, bribery or any other corrupt or criminal act in connection with any federal housing program;

The person has a history of drug-related criminal activity or violent criminal activity; or

The person currently owes rent or other amounts to the UHA or to another UHA in connection with Section 8 or public housing assistance under the 1937 Act.

Within 10 business days of receiving a request for a live-in aide, including all required documentation related to the request, the UHA will notify the family of its decision in writing.

PART II: BASIC ELIGIBILITY CRITERIA

3-II.A. INCOME ELIGIBILITY AND TARGETING

Income Limits

HUD is required by law to set income limits that determine the eligibility of applicants for HUD's assisted housing programs, including the public housing program. The income limits are published annually and are based on HUD estimates of median family income in a particular area or county, with adjustments for family size.

Types of Low-Income Families [24 CFR 5.603(b)]

Low-income family. A family whose annual income does not exceed 80 percent of the median income for the area, adjusted for family size.

Very low-income family. A family whose annual income does not exceed 50 percent of the median income for the area, adjusted for family size.

Extremely low-income family. A family whose annual income does not exceed 30 percent of the median income for the area, adjusted for family size.

HUD may establish income ceilings higher or lower than 30, 50, or 80 percent of the median income for an area if HUD finds that such variations are necessary because of unusually high or low family incomes.

Using Income Limits for Eligibility [24 CFR 960.201]

Income limits are used for eligibility only at admission. Eligibility is established by comparing a family's annual income with HUD's published income limits. To be income-eligible, a family must be a *low-income* family.

Using Income Limits for Targeting [24 CFR 960.202(b)]

At least 40 percent of the families admitted to the PHA's public housing program during a UHA fiscal year from the UHA waiting list must be *extremely low-income* families. This is called the "basic targeting requirement".

If admissions of extremely low-income families to the PHA's housing choice voucher program during a UHA fiscal year exceed the 75 percent minimum targeting requirement for that program, such excess shall be credited against the PHA's public housing basic targeting requirement for the same fiscal year.

The fiscal year credit for housing choice voucher program admissions that exceed the minimum voucher program targeting requirement must not exceed the lower of:

- Ten percent of public housing waiting list admissions during the UHA fiscal year
- Ten percent of waiting list admission to the PHA's housing choice voucher program during the UHA fiscal year
- The number of qualifying low-income families who commence occupancy during the fiscal year of public housing units located in census tracts with a poverty rate of 30 percent or more. For this purpose, qualifying low-income family means a low-income family other than an extremely low-income family.

For discussion of how income targeting is used in tenant selection, see Chapter 4.

3-II.B. CITIZENSHIP OR ELIGIBLE IMMIGRATION STATUS [24 CFR 5, Subpart E]

Housing assistance is available only to individuals who are U.S. citizens, U.S. nationals (herein referred to as citizens and nationals), or noncitizens that have eligible immigration status. At least one family member must be a citizen, national, or noncitizen with eligible immigration status in order for the family to qualify for any level of assistance.

All applicant families must be notified of the requirement to submit evidence of their citizenship status when they apply. Where feasible, and in accordance with the PHA's Limited English Proficiency Plan, the notice must be in a language that is understood by the individual if the individual is not proficient in English.

Declaration [24 CFR 5.508]

HUD requires each family member to declare whether the individual is a citizen, a national, or an eligible noncitizen, except those members who elect not to contend that they have eligible immigration status. Those who elect not to contend their status are considered to be ineligible noncitizens. For citizens, nationals and eligible noncitizens the declaration must be signed personally by the head, spouse, cohead, and any other family member 18 or older, and by a parent or guardian for minors. The family must identify in writing any family members who elect not to contend their immigration status (see Ineligible Noncitizens below). No declaration is required for live-in aides, foster children, or foster adults.

U.S. Citizens and Nationals

In general, citizens and nationals are required to submit only a signed declaration that claims their status. However, HUD regulations permit the UHA to request additional documentation of their status, such as a passport or birth certificate.

UHA Policy

Family members who declare citizenship or national status will not be required to provide additional documentation unless the UHA receives information indicating that an individual's declaration may not be accurate.

Eligible Noncitizens

In addition to providing a signed declaration, those declaring eligible noncitizen status must sign a verification consent form and cooperate with UHA efforts to verify their immigration status as described in Chapter 7. The documentation required for establishing eligible noncitizen status varies depending upon factors such as the date the person entered the U.S., the conditions under which eligible immigration status has been granted, the person's age, and the date on which the family began receiving HUD-funded assistance.

Lawful residents of the Marshall Islands, the Federated States of Micronesia, and Palau, together known as the Freely Associated States, or FAS, are eligible for housing assistance under section 141 of the Compacts of Free Association between the U.S. Government and the Governments of the FAS [Public Law 106-504].

Ineligible Noncitizens

Those noncitizens who do not wish to contend their immigration status are required to have their names listed on a noncontending family members listing, signed by the head, spouse, or cohead (regardless of citizenship status), indicating their ineligible immigration status. The UHA is not required to verify a family member's ineligible status and is not required to report an individual's unlawful presence in the U.S. to the United States Citizenship and Immigration Services (USCIS).

Providing housing assistance to noncitizen students is prohibited [24 CFR 5.522]. This prohibition extends to the noncitizen spouse of a noncitizen student as well as to minor children who accompany or follow to join the noncitizen student. Such prohibition does not extend to the citizen spouse of a noncitizen student or to the children of the citizen spouse and noncitizen student. Such a family is eligible for prorated assistance as a mixed family.

Mixed Families

A family is eligible for admission as long as at least one member is a citizen, national, or eligible noncitizen. Families that include eligible and ineligible individuals are considered *mixed families*. Such families will be given notice that their assistance will be prorated, and that they may request a hearing if they contest this determination. See Chapter 6 for a discussion of how rents are prorated, and Chapter 14 for a discussion of informal hearing procedures.

Ineligible Families [24 CFR 5.514(d), (e), and (f)]

A UHA may elect to provide assistance to a family before the verification of the eligibility of the individual or one family member [24 CFR 5.512(b)]. Otherwise, no individual or family may be assisted prior to the affirmative establishment by the UHA that the individual or at least one family member is eligible [24 CFR 5.512(a)].

UHA Policy

The UHA will not provide assistance to a family before the verification of at least one family member as a citizen, national, or eligible noncitizen.

When the UHA determines that an applicant family does not include any citizens, nationals, or eligible noncitizens, following the verification process, the family will be sent a written notice within 10 business days of the determination.

The notice will explain the reasons for the denial of assistance, that the family may be eligible for proration of assistance, and will advise the family of its right to request an appeal to the United States Citizenship and Immigration Services (USCIS), or to request an informal hearing with the UHA. The informal hearing with the UHA may be requested in lieu of the USCIS appeal, or at the conclusion of the USCIS appeal process. The notice must also inform the applicant family that assistance may not be delayed until the conclusion of the USCIS appeal process, but that it may be delayed pending the completion of the informal hearing process.

Informal hearing procedures are contained in Chapter 14.

Timeframe for Determination of Citizenship Status [24 CFR 5.508(g)]

For new occupants joining the resident family the UHA must verify status at the first interim or regular reexamination following the person's occupancy, whichever comes first.

If an individual qualifies for a time extension for the submission of required documents, the UHA must grant such an extension for no more than 30 days [24 CFR 5.508(h)].

Each family member is required to submit evidence of eligible status only one time during continuous occupancy.

UHA Policy

The UHA will verify the status of applicants at the time other eligibility factors are determined.

3-II.C. SOCIAL SECURITY NUMBERS [24 CFR 5.216 and 5.218]

For every family member age 6 or older the family must provide documentation of a valid Social Security Number (SSN) or a certification stating that no SSN has been issued. If a family member who is required to execute a certification is less than 18 years old, the certification must be executed by the individual's parent or guardian [24 CFR 5.216(j)]. Assistance cannot be provided to a family until all SSN documentation requirements are met. A detailed discussion of acceptable documentation is provided in Chapter 7.

If a new member who is at least six years of age is added to the family, the new member's SSN documentation must be submitted at the family's next interim or regular reexamination, whichever comes first. If any member of the family who is at least six years of age obtains a previously undisclosed SSN, or has been assigned a new SSN, the documentation must be submitted at the family's next regularly scheduled reexamination.

The UHA must deny admission to an applicant family if they do not meet the SSN disclosure, documentation and verification, and certification requirements contained in 24 CFR 5.216.

3-II.D. FAMILY CONSENT TO RELEASE OF INFORMATION [24 CFR 5.230]

HUD requires each adult family member, and the head of household, spouse, or cohead, regardless of age, to sign form HUD-9886, Authorization for the Release of Information/

Privacy Act Notice, and other consent forms as needed to collect information relevant to the family's eligibility and level of assistance. Chapter 7 provides detailed information concerning the consent forms and verification requirements.

The UHA must deny admission to the program if any member of the applicant family fails to sign and submit consent forms which allow the UHA to obtain information that the UHA has determined is necessary in administration of the public housing program [24 CFR 960.259(a) and (b)].

PART III: DENIAL OF ADMISSION

3-III.A. OVERVIEW

A family that does not meet the eligibility criteria discussed in Parts I and II, must be denied admission.

In addition, HUD requires or permits the UHA to deny admission based on certain types of current or past behaviors of family members as discussed in this part.

3-III.B. REQUIRED DENIAL OF ADMISSION [24 CFR 960.204]

PHAs are required to establish standards that prohibit admission of an applicant to the public housing program if they have engaged in certain criminal activity or if the PHA has reasonable cause to believe that a household member's current use or pattern of use of illegal drugs, or current abuse or pattern of abuse of alcohol may threaten the health, safety, or right to peaceful enjoyment of the premises by other residents.

Where the statute requires that the PHA prohibit admission for a prescribed period of time after some disqualifying behavior or event, the PHA may choose to continue that prohibition for a longer period of time [24 CFR 960.203(c)(3)(ii)].

HUD requires the PHA to deny assistance in the following cases:

- Any member of the household has been evicted from federally-assisted housing in the last 3 years for drug-related criminal activity. HUD permits but does not require the PHA to admit an otherwise-eligible family if the household member has completed a PHA-approved drug rehabilitation program or the circumstances which led to eviction no longer exist (e.g. the person involved in the criminal activity no longer lives in the household).

UHA Policy

The UHA will admit an otherwise-eligible family who was evicted from federally-assisted housing within the past 3 years for drug-related criminal activity, if the UHA is able to verify that the household member who engaged in the criminal activity has completed a supervised drug rehabilitation program approved by the UHA, or the person who committed the crime is no longer living in the household.

- The PHA determines that any household member is currently engaged in the use of illegal drugs. *Drug* means a controlled substance as defined in section 102 of the Controlled Substances Act [21 U.S.C. 802]. *Currently engaged in the illegal use of a drug* means a person has engaged in the behavior recently enough to justify a reasonable belief that there is continuing illegal drug use by a household member [24 CFR 960.205(b)(1)].

PHA Policy

Currently engaged in is defined as any use of illegal drugs during the previous six months.

- The PHA has reasonable cause to believe that any household member's current use or pattern of use of illegal drugs, or current abuse or pattern of abuse of alcohol, may threaten the health, safety, or right to peaceful enjoyment of the premises by other residents.

UHA Policy

In determining reasonable cause, the UHA will consider all credible evidence, including but not limited to, any record of convictions, arrests, or evictions of household members related to the use of illegal drugs or the abuse of alcohol.

- Any household member has ever been convicted of drug-related criminal activity for the production or manufacture of methamphetamine on the premises of federally assisted housing.

UHA Policy

If any household member has ever been convicted of drug-related criminal activity for the production or manufacture of methamphetamine in any location, not just federally assisted housing, the family will be denied assistance.

- Any household member is subject to a lifetime registration requirement under a state sex offender registration program.

UHA Policy

If any household member is currently registered as a sex offender under a state registration requirement, regardless of whether it is a lifetime registration requirement, the family will be denied assistance.

3-III.C. OTHER PERMITTED REASONS FOR DENIAL OF ADMISSION

HUD permits, but does not require the PHA to deny admission for the reasons discussed in this section.

Criminal Activity [24 CFR 960.203 (b) and (c)]

Under the Public Housing Assessment System (PHAS), PHAs that have adopted policies, implemented procedures and can document that they successfully screen out and deny admission to certain applicants with unfavorable criminal histories receive points.

The PHA is responsible for screening family behavior and suitability for tenancy. In doing so, the PHA may consider an applicant's history of criminal activity involving crimes of physical violence to persons or property and other criminal acts which would adversely affect the health, safety or welfare of other tenants.

UHA Policy

If any household member is currently engaged in, or has engaged in any of the following criminal activities, within the past five years, the family will be denied admission.

Drug-related criminal activity, defined by HUD as the illegal manufacture, sale, distribution, or use of a drug, or the possession of a drug with intent to manufacture, sell, distribute or use the drug [24 CFR 5.100].

Violent criminal activity, defined by HUD as any criminal activity that has as one of its elements the use, attempted use, or threatened use of physical force substantial enough to cause, or be reasonably likely to cause, serious bodily injury or property damage [24 CFR 5.100].

Criminal activity that may threaten the health, safety, or welfare of other tenants [24 CFR 960.203(c)(3)].

Criminal activity that may threaten the health or safety of UHA staff, contractors, subcontractors, or agents.

Criminal sexual conduct, including but not limited to sexual assault, incest, open and gross lewdness, or child abuse.

Evidence of such criminal activity includes, but is not limited to any record of convictions, arrests, or evictions for suspected drug-related or violent criminal activity of household members within the past 5 years.

In making its decision to deny assistance, the UHA will consider the factors discussed in Section 3-III.E. Upon consideration of such factors, the UHA may, on a case-by-case basis, decide not to deny assistance.

Previous Behavior [960.203(c) and (d) and PH Occ GB, p. 48]

HUD authorizes the PHA to deny admission based on relevant information pertaining to the family's previous behavior and suitability for tenancy.

In the event of the receipt of unfavorable information with respect to an applicant, consideration must be given to the time, nature, and extent of the applicant's conduct (including the seriousness of the offense).

UHA Policy

The UHA will deny admission to an applicant family if the UHA determines that the family:

- Has a record of unsuitable past performance in meeting financial obligations, including rent within the past five years

- Has a record of disturbance of neighbors, destruction of property, or living or housekeeping habits at prior residences within the past five years which may adversely affect the health, safety, or welfare of other tenants

- Has a record of eviction from housing or termination from residential programs within the past five years (considering relevant circumstances)

- Owes rent or other amounts to this or any other UHA or owner in connection with any assisted housing program

- Misrepresented or does not provide complete information related to eligibility, including income, award of preferences for admission, expenses, family composition or rent

- Has committed fraud, bribery, or any other corrupt or criminal act in connection with any federal housing program

Has engaged in or threatened violent or abusive behavior toward UHA personnel

Abusive or violent behavior towards UHA personnel includes verbal as well as physical abuse or violence. Use of racial epithets, or other language, written or oral, that is customarily used to intimidate may be considered abusive or violent behavior.

Threatening refers to oral or written threats or physical gestures that communicate intent to abuse or commit violence.

In making its decision to deny admission, the UHA will consider the factors discussed in Section 3-III.E. Upon consideration of such factors, the UHA may, on a case-by-case basis, decide not to deny admission.

The UHA will consider the existence of mitigating factors, such as loss of employment or other financial difficulties, before denying admission to an applicant based on the failure to meet prior financial obligations.

3-III.D. SCREENING

Screening for Eligibility

PHAs are authorized to obtain criminal conviction records from law enforcement agencies to screen applicants for admission to the public housing program. This authority assists the UHA in complying with HUD requirements and UHA policies to deny assistance to applicants who are engaging in or have engaged in certain criminal activities. In order to obtain access to the records the UHA must require every applicant family to submit a consent form signed by each adult household member [24 CFR 5.903].

The UHA may not pass along to the applicant the costs of a criminal records check [24 CFR 960.204(d)].

UHA Policy

The UHA will perform criminal background checks through local law enforcement for all adult household members.

If the results of the criminal background check indicate there may have been past criminal activity, but the results are inconclusive, the UHA will request a fingerprint card and will request information from the National Crime Information Center (NCIC).

PHAs are required to perform criminal background checks necessary to determine whether any household member is subject to a lifetime registration requirement under a state sex offender program in the state where the housing is located, as well as in any other state where a household member is known to have resided [24 CFR 960.204(a)(4)].

If the UHA proposes to deny admission based on a criminal record or on lifetime sex offender registration information, the UHA must notify the household of the proposed action and must provide the subject of the record and the applicant a copy of the record and an opportunity to dispute the accuracy and relevance of the information prior to a denial of admission [24 CFR 5.903(f) and 5.905(d)].

Obtaining Information from Drug Treatment Facilities [24 CFR 960.205]

HUD authorizes PHAs to request and obtain information from drug abuse treatment facilities concerning applicants. Specifically, the PHA may require each applicant to submit for all household members who are at least 18 years of age, and for each family head, spouse, or cohead regardless of age, one or more consent forms signed by such household members that requests any drug abuse treatment facility to inform the PHA whether the drug abuse treatment facility has reasonable cause to believe that the household member is currently engaging in illegal drug use.

Drug Abuse Treatment Facility means an entity that holds itself out as providing, and provides, diagnosis, treatment, or referral for treatment with respect to the illegal drug use, and is either an identified unit within a general care facility, or an entity other than a general medical care facility.

Currently engaging in illegal use of a drug means illegal use of a drug that occurred recently enough to justify a reasonable belief that there is continuing illegal drug use by a household member.

Any consent form used for the purpose of obtaining information from a drug abuse treatment facility to determine whether a household member is currently engaging in illegal drug use must expire automatically after the PHA has made a final decision to either approve or deny the admission of such person.

Any charges incurred by the PHA for information provided from a drug abuse treatment facility may not be passed on to the applicant or tenant.

If the PHA chooses to obtain such information from drug abuse treatment facilities, it must adopt and implement one of the two following policies:

Policy A: The PHA must submit a request for information to a drug abuse treatment facility for all families before they are admitted. The request must be submitted for each proposed household member who is at least 18 years of age, and for each family head, spouse, or cohead regardless of age.

Policy B: The PHA must submit a request for information only for certain household members, whose criminal record indicates prior arrests or conviction for any criminal activity that may be a basis for denial of admission or whose prior tenancy records indicate that the proposed household member engaged in destruction of property or violent activity against another person, or they interfered with the right of peaceful enjoyment of the premises of other residents.

If the PHA chooses to obtain such information, it must abide by the HUD requirements for records management and confidentiality as described in 24 CFR 960.205(f).

UHA Policy

The UHA will obtain information from drug abuse treatment facilities to determine whether any applicant family's household members are currently engaging in illegal drug activity only when the UHA has determined that the family will be denied admission based on a family member's drug-related criminal activity, and the family claims that the culpable family member has successfully completed a supervised drug or alcohol rehabilitation program.

Screening for Suitability as a Tenant [24 CFR 960.203(c)]

The PHA is responsible for the screening and selection of families to occupy public housing units. The PHA may consider all relevant information. Screening is important to public housing communities and program integrity, and to ensure that assisted housing is provided to those families that will adhere to lease obligations.

UHA Policy

The UHA will consider the family's history with respect to the following factors:

Payment of rent and utilities

Caring for a unit and premises

Respecting the rights of other residents to the peaceful enjoyment of their housing

Criminal activity that is a threat to the health, safety, or property of others

Behavior of all household members as related to the grounds for denial as detailed in Sections 3-III. B and C

Compliance with any other essential conditions of tenancy

Resources Used to Check Applicant Suitability [PH Occ GB, pp. 47-56]

PHAs have a variety of resources available to them for determination of the suitability of applicants. Generally, PHAs should reject applicants who have recent behavior that would warrant lease termination for a public housing resident.

UHA Policy

In order to determine the suitability of applicants the UHA will examine applicant history for the past five years. Such background checks will include:

Past Performance in Meeting Financial Obligations, Especially Rent

PHA and landlord references for the past five years, gathering information about past performance meeting rental obligations such as rent payment record, late payment record, whether the PHA/landlord ever began or completed lease termination for non-payment, and whether utilities were ever disconnected in the unit. PHAs and landlords will be asked if they would rent to the applicant family again.

Utility company references covering the monthly amount of utilities, late payment, disconnection, return of a utility deposit and whether the applicant can get utilities turned on in his/her name. (Use of this inquiry will be reserved for applicants applying for units where there are tenant-paid utilities.)

The UHA will check court records of eviction actions and other financial judgments, and credit reports. A lack of credit history will not disqualify someone from becoming a public housing resident, but a poor credit rating may.

Applicants with no rental payment history will also be asked to provide the UHA with personal references. The references will be requested to complete a verification of the applicant's ability to pay rent if no other documentation of ability to meet financial obligations is available. The applicant will also be required to complete a checklist documenting their ability to meet financial obligations.

If previous landlords or the utility company do not respond to requests from the UHA, the applicant may provide other documentation that demonstrates their ability to meet financial obligations (e.g. rent receipts, cancelled checks, etc.)

Disturbances of Neighbors, Destruction of Property or Living or Housekeeping Habits at Prior Residences that May Adversely Affect Health, Safety, or Welfare of Other Tenants, or Cause Damage to the Unit or the Development: PHA and landlord references for the past five years, gathering information on whether the applicant kept a unit clean, safe and sanitary; whether they violated health or safety codes; whether any damage was done by the applicant to a current or previous unit or the development, and, if so, how much the repair of the damage cost; whether the applicant's housekeeping caused insect or rodent infestation; and whether the neighbors complained about the applicant or whether the police were ever called because of disturbances.

Police and court records within the past five years will be used to check for any evidence of disturbance of neighbors or destruction of property that might have resulted in arrest or conviction.

A personal reference will be requested to complete a verification of the applicant's ability to care for the unit and avoid disturbing neighbors if no other documentation is available. In these cases, the applicant will also be required to complete a checklist documenting their ability to care for the unit and to avoid disturbing neighbors.

Home visits may be used to determine the applicant's ability to care for the unit.

3-III.E. CRITERIA FOR DECIDING TO DENY ADMISSION

Evidence

UHA Policy

The UHA will use the concept of the preponderance of the evidence as the standard for making all admission decisions.

Preponderance of the evidence is defined as evidence which is of greater weight or more convincing than the evidence which is offered in opposition to it; that is, evidence which as a whole shows that the fact sought to be proved is more probable than not.

Preponderance of the evidence may not be determined by the number of witnesses, but by the greater weight of all evidence.

Consideration of Circumstances [24 CFR 960.203(c)(3) and (d)]

HUD authorizes the PHA to consider all relevant circumstances when deciding whether to deny admission based on a family's past history except in the situations for which denial of admission is mandated (see Section 3-III.B).

In the event the PHA receives unfavorable information with respect to an applicant, consideration must be given to the time, nature, and extent of the applicant's conduct (including the seriousness of the offense). In a manner consistent with its policies, PHAs may give consideration to factors which might indicate a reasonable probability of favorable future conduct.

UHA Policy

The UHA will consider the following factors when making its decision:

The seriousness of the case, especially with respect to how it would affect other residents

The effects that denial of admission may have on other members of the family who were not involved in the action or failure

The extent of participation or culpability of individual family members, including whether the culpable family member is a minor or a person with disabilities

The length of time since the violation occurred, the family's recent history and the likelihood of favorable conduct in the future

Evidence of the applicant family's participation in or willingness to participate in social service or other appropriate counseling service programs

In the case of drug or alcohol abuse, whether the culpable household member is participating in or has successfully completed a supervised drug or alcohol rehabilitation program or has otherwise been rehabilitated successfully

The UHA will require the applicant to submit evidence of the household member's current participation in or successful completion of a supervised drug or alcohol rehabilitation program, or evidence of otherwise having been rehabilitated successfully.

Removal of a Family Member's Name from the Application [24 CFR 960.203(c)(3)(i)]

HUD permits PHAs to impose as a condition of admission, a requirement that family members who participated in or were culpable for an action or failure to act which warrants denial of admission, to not reside in the unit.

UHA Policy

As a condition of receiving assistance, a family may agree to remove the culpable family member from the application. In such instances, the head of household must certify that the family member will not be permitted to visit or to stay as a guest in the public housing unit.

After admission to the program, the family must present evidence of the former family member's current address upon UHA request.

Reasonable Accommodation [PH Occ GB, pp. 58-60]

If the family includes a person with disabilities, the PHA's decision concerning denial of admission is subject to consideration of reasonable accommodation in accordance with 24 CFR Part 8.

UHA Policy

If the family indicates that the behavior of a family member with a disability is the reason for the proposed denial of admission, the UHA will determine whether the behavior is related to the disability. If so, upon the family's request, the UHA will determine whether alternative measures are appropriate as a reasonable accommodation. The UHA will only consider accommodations that can reasonably be expected to address the behavior that is the basis of the proposed denial of admission. See Chapter 2 for a discussion of reasonable accommodation.

3-III.F. NOTICE OF ELIGIBILITY OR DENIAL

The PHA will notify an applicant family of its final determination of eligibility in accordance with the policies in Section 4-III.E.

If a PHA uses a criminal record or sex offender registration information obtained under 24 CFR 5, Subpart J, as the basis of a denial, a copy of the record must precede the notice to deny, with an opportunity for the applicant to dispute the accuracy and relevance of the information before the PHA can move to deny the application. In addition, a copy of the record must be provided to the subject of the record [24 CFR 5.903(f) and 5.905(d)].

UHA Policy

If, based on a criminal record or sex offender registration information an applicant family appears to be ineligible, the UHA will notify the family in writing of the proposed denial and provide a copy of the record to the applicant and to the subject of the record. The family will be given 10 business days to dispute the accuracy and relevance of the information. If the family does not contact the UHA to dispute the information within that 10 day period, the UHA will proceed with issuing the notice of denial of admission. A family that does not exercise their right to dispute the accuracy of the information prior to issuance of the official denial letter will still be given the opportunity to do so as part of the informal hearing process.

Notice requirements related to denying admission to noncitizens are contained in Section 3-II.B.

EXHIBIT 3-1: DETAILED DEFINITIONS RELATED TO DISABILITIES

Person with Disabilities [24 CFR 5.403]

The term *person with disabilities* means a person who has any of the following types of conditions.

- Has a disability, as defined in 42 U.S.C. Section 423(d)(1)(A), which reads:

Inability to engage in any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than 12 months

In the case of an individual who has attained the age of 55 and is blind (within the meaning of “blindness” as defined in section 416(i)(1) of this title), inability by reason of such blindness to engage in substantial gainful activity, requiring skills or ability comparable to those of any gainful activity in which he has previously engaged with some regularity and over a substantial period of time.
- Has a developmental disability as defined in the Developmental Disabilities Assistance and Bill of Rights Act of 2000 [42 U.S.C.15002(8)], which defines developmental disability in functional terms as follows:

(A) IN GENERAL – The term *developmental disability* means a severe, chronic disability of an individual that-

 - (i) is attributable to a mental or physical impairment or combination of mental and physical impairments;
 - (ii) is manifested before the individual attains age 22;
 - (iii) is likely to continue indefinitely;
 - (iv) results in substantial functional limitations in 3 or more of the following areas of major life activity: (I) self-care, (II) receptive and expressive language, (III) learning, (IV) mobility, (V) self-direction, (VI) capacity for independent living, (VII) economic self-sufficiency; and
 - (v) reflects the individual’s need for a combination and sequence of special, interdisciplinary, or generic services, individualized supports, or other forms of assistance that are of lifelong or extended duration and are individually planned and coordinated.

(B) INFANTS AND YOUNG CHILDREN – An individual from birth to age 9, inclusive, who has a substantial developmental delay or specific congenital or acquired condition, may be considered to have a developmental disability without meeting 3 or more of the criteria described in clauses (i) through (v) of subparagraph (A) if the individual, without services and supports, has a high probability of meeting those criteria later in life.
- Has a physical, mental, or emotional impairment that is expected to be of long-continued and indefinite duration; substantially impedes his or her ability to live independently, and is of such a nature that the ability to live independently could be improved by more suitable housing conditions.

People with the acquired immunodeficiency syndrome (AIDS) or any conditions arising from the etiologic agent for AIDS are not excluded from this definition.

A person whose disability is based solely on any drug or alcohol dependence does not qualify as a person with disabilities for the purposes of this program.

For purposes of reasonable accommodation and program accessibility for persons with disabilities, the term person with disabilities refers to an individual with handicaps.

Individual with Handicaps [24 CFR 8.3]

Individual with handicaps means any person who has a physical or mental impairment that substantially limits one or more major life activities; has a record of such an impairment; or is regarded as having such an impairment. The term does not include any individual who is an alcoholic or drug abuser whose current use of alcohol or drugs prevents the individual from participating in the program or activity in question, or whose participation, by reason of such current alcohol or drug abuse, would constitute a direct threat to property or the safety of others. As used in this definition, the phrase:

- (1) Physical or mental impairment includes:
 - (a) Any physiological disorder or condition, cosmetic disfigurement, or anatomical loss affecting one or more of the following body systems: neurological; musculoskeletal; special sense organs; respiratory, including speech organs; cardiovascular; reproductive; digestive; genito-urinary; hemic and lymphatic; skin; and endocrine
 - (b) Any mental or psychological disorder, such as mental retardation, organic brain syndrome, emotional or mental illness, and specific learning disabilities. The term physical or mental impairment includes, but is not limited to, such diseases and conditions as orthopedic, visual, speech and hearing impairments, cerebral palsy, autism, epilepsy, muscular dystrophy, multiple sclerosis, cancer, heart disease, diabetes, mental retardation, emotional illness, drug addiction and alcoholism.
- (2) Major life activities means functions such as caring for one's self, performing manual tasks, walking, seeing, hearing, speaking, breathing, learning and working.
- (3) Has a record of such an impairment means has a history of, or has been misclassified as having, a mental or physical impairment that substantially limits one or more major life activities.
- (4) Is regarded as having an impairment means:
 - (a) Has a physical or mental impairment that does not substantially limit one or more major life activities but that is treated by a recipient as constituting such a limitation
 - (b) Has a physical or mental impairment that substantially limits one or more major life activities only as a result of the attitudes of others toward such impairment
 - (c) Has none of the impairments defined in paragraph (a) of this section but is treated by a recipient as having such an impairment
